### About Infusion Knowledge...

Infusion Knowledge, Inc. is a comprehensive I.V. Therapy education and consulting company. We provide education, precepting and consulting for all aspects of Infusion. All of our educators are CRNI's and currently practicing in a variety of settings. We feel this is important to provide the most current instruction of the highest quality. Our classes are offered nationwide, so that they are accessible and we may help to improve I.V. Therapy practice in all regions.

### Our Philosophy...

**Mission:** Infusion Knowledge, Inc. is dedicated to improving I.V. Therapy practice in all healthcare settings through quality education and consulting. We hope to facilitate infusion therapy of the highest level in all healthcare settings through comprehensive education services to all those providing care. We will provide quality education so that those who have trusted us to prepare them for practice are not only competent but comfortable and confident with their I.V. Therapy practice. This level of knowledge among clinicians will help to raise the standard of care delivered to patients.

**Our Ideal:** That any patient who receives I.V. Therapy of any kind, in any care setting, will have that procedure performed by a healthcare provider who is thoroughly educated about current I.V. Therapy.

**Values:** These values are the guidelines we use when providing service to our healthcare community: *Integrity, Quality, Service, Teamwork & Respect.*

### Our Executive Director...

**Kay Coulter, RN, CRNI** is a nationally known I.V. Therapy clinician who has practiced nursing for 35 years, with a special focus on infusion for the past 25 years. Her background includes acute care, long term care, and home infusion. She earned her infusion certification in 1987 and has presented numerous infusion related education seminars across the U.S. Her reputation, as a quality infusion therapy educator, is well known on the local, state, and national level.

*Thank you for your interest in Infusion Knowledge, Inc.*

*The goal of Infusion Knowledge, Inc. is to promote quality I.V. Practice through comprehensive Infusion Education Programs & Services*
